SUMMARY

Enthusiastic and motivated aspiring Front-End Developer with a strong passion for web development. Currently seeking opportunities to kickstart a career in the field. Proficient in HTML, CSS, and JavaScript through self-study and online courses. Possesses a keen interest in creating visually appealing and user-friendly interfaces. While lacking professional experience, I have completed several personal projects, including building responsive websites and experimenting with front-end frameworks. These projects have helped me develop a solid foundation in front-end development principles and problem-solving skills. Committed to continuous learning and growth, I actively seek out resources and engage in hands-on practice to expand my knowledge and expertise. With a proactive attitude and a willingness to learn from experienced professionals, I am eager to contribute to dynamic development teams and make meaningful contributions to impactful projects. Ready to embrace challenges and embark on a rewarding journey in front-end development.
